**To:** Florida Email Tree Contacts and Others

FOR EMAIL TREE CONTACTS - We ask that you forward this message to the dancers on your email distribution list. Then your contacts should forward to their distribution lists, and so on. Also, please remember that when you send an email to two or more recipients, the names go in the bcc: field and not in the "To" field. This helps to eliminate spam. Your name goes in the "To" field.

Thank you for assisting with the spread of square dance news to all Florida square dancers.
