THE NEW CALLERLAB MAINSTREAM BASICS

OF GREAT INTEREST TO SQUARE DANCERS and callers everywhere is the outcome of a year's study of the current CALLERLAB Mainstream Basics List. At the recent CALLERLAB Convention, the special committee charged with presenting recommendations to the membership found a very warm reception. As a result of a great deal of discussion, the following list of basics has been recommended for use during the coming year. The movements have been divided into three major groupings. In a number of instances the main form of a basic is presented first and the variations of that basic are recommended for teaching at the end of that particular section. All callers are invited to work with this list for the coming year and to relay their reactions to the Mainstream Basics Committee. Here is the list:

- | | | | |
