CALLERLAB BASICS: AN UPDATE

With the formation of CALLERLAB a few years ago, one of the main areas of interest was that of establishing a realistic and workable list of basic movements that square dance leaders could accept as a sound guideline for future growth in the square dance movement. The Mainstream Basics List was the result — a product of the Second Callerlab Convention.

This year, the Fourth Callerlab Convention, held in April, continued to focus its attention on the Mainstream Basics and two other closely related areas — Quarterly Experimentals and Dance Level Identification. A brief clarification regarding these three program areas follow:

THE MAINSTREAM BASICS — This list remains the same with little or no change. The word "thru" added to basic #29 Cross Trail, and "Split Circulate" added to basic #49 Circulate Family. (Refer to Basics List printed in winter issue of SQUARE DANCE BULLETIN.)

QUARTERLY EXPERIMENTALS — "Half Tag, Trade and Roll" was dropped from the list because its principle was already covered in "Roll". The current list includes the following ten figures:

- | | |
|--|---------------------|
| 1. Ferris Wheel | 6. Track Two |
| 2. Recycle | 7. Chase Right |
| 3. Pass the Ocean | 8. Extend (the Tag) |
| 4. Touch $\frac{1}{4}$, $\frac{1}{2}$, $\frac{3}{4}$ | 9. Crossfire |
| 5. Coordinate | 10. Roll |

MAINSTREAM PLUS ONE & PLUS TWO — For those interested in dancing above the Mainstream and Experimental Plateaus, CALLERLAB has permanently endorsed a "Mainstream Plus One" Program. This list includes:

- | | |
|----------------------------|-------------------------|
| 1. Roll as an extension | 7. Spin Chain the Gears |
| 2. Cloverflo | 8. Substitute |
| 3. Dixie Grand | 9. Tea Cup Chain |
| 4. Pair Off | 10. Triple Scoot |
| 5. Peel the Top | 11. Triple Trade |
| 6. Single Circle to a Wave | 12. Turn & Left Thru |
- (Dropped from list — Red Hot and Grand Parade.)

Any figure dropped from the quarterly experimental list will automatically become a part of the "Plus One List" for a period of one year and subject to re-evaluation at the next CALLERLAB convention.

* * * *

Note: All programs identified by CALLERLAB include the All Position Dance Concept (APD) as well as Standard Position.

New Quarterly Movements Announced

FOR THE THIRD QUARTER of 1977 the CALLERLAB Quarterly Movements Selection Committee has chosen Follow Your Neighbor and its companion call, Follow Your Neighbor and Spread, to be used in Mainstream programs for the months of July, August and September.

Follow Your Neighbor by Deuce Williams starts from right or left-hand parallel ocean waves. On the call, dancers facing in step straight ahead to join adjacent hands and cast (turn) three-quarters. At the same time, dancers facing out "follow" into their neighbor's position with a three-quarter looping turn (270 degrees) to rejoin the neighbor with the other hand. Right-hand waves change into left-hand waves and vice versa.

The author also noted that the dancers facing in should step directly forward to join "inside" hands. This can be done either with

the right hand or the left hand, depending on the starting setup. From a right-hand wave all action is right-handed — dancers facing in meet with the right hand and dancers facing out loop to their right. From left-hand waves all action is left-handed.

Follow Your Neighbor and Spread is a natural extension of the Follow Your Neighbor call. It starts from an ocean wave and is executed exactly like Follow Your Neighbor, but when the "spread" is called the dancers who have done the cast (turn) three-quarters will spread apart by sliding sideways to become the *ends* of a new ocean wave. Those who have done the loop will move into the center position and become the *centers* of the wave.

If this movement is done correctly, there should be no standing or waiting time for any dancer. By adding the *spread ending* to Follow Your Neighbor, right-hand waves end in right-hand waves and left-hand waves end in left-hand waves.
