BLOOD BANK

We have received notice from the Blood Bank that, as is their custom every two years, they are dropping any donations that are over two years old. We are losing 42 units. We recently released 9 units for Roberta Butler's daughter. . . In order to maintain our NEPSDA Blood Bank account we must keep the level at 12 units yearly . . . Those having donated since March 1st are; T. H. Davidson, J. E. Smith, J. W. Ross, H. E. Priddy, A. S. Morrison and K. Simmons. . . Some make it a regular habit and we appreciate this. . . Since January 1979, 30 units were donated and 27 were used, so this was a blessing to some of our friends. Won't you try to go this month to your nearest Blood Bank or Mobile Unit and donate your blood. Pass the word in your clubs and let's keep our account active . . . PLEASE GIVE!

ROUNDALAB - The International Assoc. of Round Dance Teachers.

At the invitation of CALLERLAB, two representatives from ROUNDALAB attended the 7th annual Convention of the International Assoc. of Square Dance Callers in Miami Beach.

Phase I and Phase II of Round Dancing were presented to CALLERLAB. Phase I and Phase II which includes those things a teacher needs to know in order to teach fundamental round dancing to people, were originally proposed by a committee chaired by Manning and Nita Smith. These phases have been thoroughly explored and discussed at subsequent ROUNDALAB meetings under the guidance of the Muellers and were adopted for a one year trial period October 1979.

Phase I includes basic movements in the one-step, two -step, and waltz rhythms, dance positions, cardinal directions and movements used in round dancing, and stepping to the beat of the music. Phase II includes figures and secondary movements in the two-step and waltz. These two initial phases were developed at the request of CALLERLAB since this is an area of round dance teaching in which square dance callers who teach simple mixers and rounds generally work. CALLERLAB endorsed and adopted Phase I and II and will include in its educational plan provisions for familiarizing callers with the adopted standards.
