## Recipe For A Happy New Year

Take 12 fine, full grown months, see that these are thoroughly free from all old memories of bitterness, rancor, hate and jealousy. Cleanse them completely from every clinging spite; pick off all specks of pettiness.

Cut these months into 30 or 31 equal parts. Do not attempt to make up the whole batch at one time, but prepare one day at a time, as follows:

Into each day put equal parts of faith, patience, courage, work, hope, fidelity, liberality, kindness, rest, prayer, meditation. Add about a teaspoonful of good spirits, a dash of fun, a pinch of folly, a sprinkling of play, and a heaping cupful of good humor.

Pour love into the whole and mix with a vim. Serve with quietness, unselfishness and cheerfulness.

— Anon.
