From the Editor...

We had a successful Working Weekend on Saturday, February 27th. There were several moves and distractions due to other events in the hotel but we managed to cover everything; many thanks to everyone in attendance for your patience and understanding.

Saturday night we all attended the 2017 Florida Square Dance Convention fundraising dance at Whirl & Twirl with Jack Lewis calling and Joann Helton and Chuck Ryal cueing. We had 15 squares in attendance!

Don't forget to attend Roland Blanchette's retirement party this Sunday, March 6th, at Strawberry Square Dance Center from 2:00 – 4:00 p.m. Members of the Suncoast Callers and Cuers Association will keep us dancing all afternoon. Finger food and cards would be appreciated. A \$5 donation is requested.

Obituary for Bernice Prior

“Bernice Maud Prior, 90 years old, made her transition on February 18, 2016 with her family by her side. She maintained a positive and loving energy and won the trust and hearts of many who are even now being changed by her nurturing kindness. She was known for her ease in frequent conversations with even total strangers, offering a [listening] heart, and encouraging word, or a tender touch.

Bernice was born on October 7, 1925 in Toronto, Ontario, Canada to James and Kate Holness. She grew up in Lakeview and met and married (William Lawrence Robert) Larry Prior on June 25, 1949. They built their first home step by step. They built and lived in the basement and every pay day bought lumber, shingles, or plumbing materials for their home. The Prior homestead was literally built with love. In 1954, they moved to Michigan where they raised their family. They owned the Wagon Wheel Western Store where Bernice sold square dance clothes, boots, and dancing shoes. She was a wonderful salesperson and said the best part of her day was making new friends.

Bernice and Larry were International Square Dance Leaders for over fifty years. They danced across the globe together, teaching in all fifty states, Canada, Europe, and Australia. The two built a square dance hall in the woods of Michigan and that developed into Cross Trails Campground. They traveled around the country in their motorhome bringing music, dance, and enjoyment to hundreds of people.

Bernice is survived by Larry Prior, her loving husband of 66 years; daughter Gail Lulek (Mark) and Wendy Hoin (David); daughter in law, Rosa Prior; brother, Bruce Holness; grandchildren, Scott Catalano (Nicole), Tammy Wiley (Thaddeus), Alan Prior, Alana Prior, Kate Hoin, Andrew Hoin, Sarabeth Prior, Spencer Hoin; great-grandchildren, Lauren Catalano, Kayla Wiley, Noah

Catalano, Brianna Wiley, Lexi Catalano, Andrew Grawe. She was preceded in death by her brothers Edward and Barney Holness and her son Glen Prior.

A Celebration of Life will take place at a future date. Memorial donations may be made in her honor to Suncoast Hospice, 2675 Tampa Road, Palm Harbor, Florida 34684.”

Larry was a caller in the Palm Bay (Tampa) area and is a life time member of the Suncoast Callers & Cuers Association. If you would like to send him a card, his address is 2960 Tampa Road, Apt 115, Palm Harbor, FL 34684. His daughter said he would enjoy receiving cards and letters from the square dancers.

All Things Considered

Hints For Dancing Spin Chain & Exchange The Gears

PROBLEM #1: Most dancers think they know the definition of the call, but they do not.

The true definition says that after the star has turned $\frac{3}{4}$, a center ocean wave is formed and it is the two centers of this wave that lead everyone out.

In the majority of cases, this means the point that is facing out after the star has formed is the person who will be leading everyone out. But this is not the definition – it is simply what happens as a result of applying the definition.

What if the caller says to turn the star only $\frac{1}{2}$, or $\frac{1}{4}$, or not to turn the star at all? Those who think the definition says the out-facing point will always lead out will have no idea what the caller is talking about.

But dancers who understand the definition will have no problem if the caller says to turn the start other than $\frac{3}{4}$. They will simply turn the star the indicated amount, see who is in the center of the ocean wave, and follow that person out.

Remember: After the star is done turning – THE CENTERS OF THE WAVE WILL LEAD EVERYONE OUT.

PROBLEM #2: In dancing the call, sometimes the star does not form. Reason: The ends of the two initial waves who turn back do not get into the star. Why? Because they are not thinking. They believe the star will magically form on their own and include them. If the star does not form, the call is dead and the square will break down.

So, once the ends turn back, they must do two things: (1) THEY MUST IMMEDIATELY SLIDE SIDEWAYS TOWARDS THE CENTERS. If the ends do not do this, the start will not form and the centers will not wait for them. Unfortunately, many centers are so involved with their own part, they ignore the ends and just take off as though the ends were part of the star. They forget that this is a team game, and that the start is not allowed to turn until all 4 hands are in the star.

(2) But the ends have to do more than just moved toward the centers. THEY ALSO HAVE TO BEND THE ELBOW OF THE HAND THAT WILL BE FORMING THE STAR. If they do not bend their elbow, they will be too far removed from the star for it to turn efficiently. The star will start to turn, but the points can easily become lost and drift out of the star.

You can always tell the people who do not bend their elbow – they are tipped sideways at a 25 degree angle. If you see this, you know the start is in trouble.

So, there are 3 hints to remember in forming the star:

- (1) As soon as the ends turn back, they must slide sideways toward the centers.
- (2) The ends must have their elbow bent in forming the star.
- (3) The centers must wait for the ends to join the star, no matter how long it takes.

ADDING “ROLL” TO THE CALL. We know that Roll means to turn $\frac{1}{4}$ more in the direction you are turning after a call is completed. The problem with Spin Chain & Exchange the Gears is that at the end of the call people are all over the place; they may complete the call successfully, but they often do not know how they did it. If they are now told to “Roll,” they are likely to be drifting around and not know where to go.

Therefore, the solution is not to try and do the Roll by remembering how you completed the call. The solution is to memorize one simple thing that will guarantee you will be in the correct ending position for the Roll.

RULE FOR ROLL ON THIS CALL: Do the full call in the normal way. WHEN YOU ARE DONE, FACE THE PERSON BESIDE YOU IN THE OCEAN WAVE.

Ending formation is an 8 chain thru. Be sure to look for this and take hands with the person beside you.
