To the President of each Florida Federation. I would like to put an article from each Federation in the Bow and Swing letting the state know what is going on. Please send it to me by the 11th of each month. This starts in April

I need you all to send me articles and pictures. Forward this email to the officers of your respective federations so that I can also put in news to the greater Florida area.

Please note the deadline is fluid as I work to recreate the magazine on a new computer

Send me your news, Club Information and interesting briefs for inclusion in the Bow and Swing The Deadline for the Next issue is April 10, 2024
