FROM THE LOFT

The holidays are behind us and we enter a new year with hope for a better year. We certainly had more than our share of challenges in the past year! We entered 1997 with two of THE BARN's members in the hospital and others undergoing treatment. We pray that these dancers will recover soon and rejoin us in our wonderful activity. I know

that the past year taught us all that we should love one another and enjoy our fellowship while we can.

The NEW YEAR DANCE at THE BARN was an outstanding success. In spite of all the sickness hitting our community in the closing week of 1996, we had 74 couples attending the dance. Three callers and two cuers provided the evening's entertainment. Linda and I were again pleased to serve as the Host and Hostess for the evening's festivities. We look forward to next year and an even bigger celebration. Tickets are now available.

This is THE YEAR of the National Square Dance Convention being held in Orlando. It is our chance to showcase square dancing before the public in Florida. I hope we use this opportunity to spread the good news and health benefits of square dancing to the general public. We hope to use THE BARN's float at every opportunity to spread the word. We can all write letters to the newspaper about the virtues of square dancing and the National Convention. Take time to talk about our activity. Take time to promote square dancing. If we all do a little this coming year, we can make a difference.

We would like to have our readers submit articles for THE BARN OWL. We want to highlight your life in our "GIVE - A - HOOT" series. Please provide us with information and your autobiography so we can share it with others. Your feedback will be very much appreciated.

If you want to help in the school program where Linda and I teach square dancing in the public school we would appreciate you contacting us at 676-0927. The lesson is only an hour long one day a week. It is a real joy to work with the young people. We want to get a youth club started in Brevard. If you would give of your time and talent, let us know.

Our Sweetheart Dance is February 15. Please get your tickets as soon as possible so we can know how much food to prepare.

FEBRUARY NEWS FROM CANAVERAL SQUARES

ROCKLEDGE....Canaveral Squares is pleased to announce we took first place in the Merritt Island Christmas parade, and second place in the Cocoa Christmas parade. We want to thank all of our members who took part in getting the floats ready. They were really done with a lot of thought and preparation, and followed the themes of Caribbean Christmas and Christmas Around the World. We would like to give special thanks to Bruce and Dino Sawhill for all their help and the use of their decorated wrecker from which Skip and Jennifer called. It pulled two floats; one had dancers dancing the other decorated in the theme of the parade.

Canaveral Squares is happy to announce Mr. Vince Furtado has agreed to be our Round Dance Cuer. We are all looking forward to having him with us.

Since February is the month for sweet hearts, spouses and friends, we would like to invite everyone to dance with us at our Valentine's Day Dance, February 14, 1997.

We were pleased with the response that we had on our Open House nights of free dance lessons for beginning dancers. Our kickoff Dance, on the 24th. of January, to start our 1997 class of Basic through Mainstream, was a HUGH success.

Joan Cleland

Our dances are held on Friday nights. The square dance class is from 7:00 p.m. till 8:30 p.m. Club dance is from 8:30 p.m. till 10:30 p.m., ending with a Hot Hash tip, at the McLarty Recreation Center in Rockledge on Barton Ave. Skip Cleland " Caller", Vince Furtado "Cuer". Come dance with us.

WORD STUDY OF THE WORD

MEMORIAL

On February 9th, THE BARN will hold its first annual Memorial Dance. There have been some that have commented that the dance should not be a "sad" event. Thus, we have this Word Study on the word "memorial".

me·mo·ri·al (m...-môr"l-...l, -m'zr"-) *n.* **Abbr. mem.** 1. Something, such as a monument or holiday, intended to celebrate or honor the memory of a person or an event. 2. A written statement of facts or a petition presented to a legislative body or an executive. --**me·mo·ri·al** *adj.* 1. Serving as a remembrance of a person or an event; commemorative. 2. Of, relating to, or being in memory. [Middle English, from Old French, from Late Latin *memoriāle*, from neuter of Latin *memoriālis*, belonging to memory, from *memoria*, memory. See MEMORY.] --**me·mo"ri·al·ly** *adv.*

In the Bible, there are 7 feasts of God. In Exodus 12:14, the feast is the Passover Feast and a very important feast it is. God said "and this day is to be a memorial, and ye have kept it a feast to Jehovah".

In Mark 14:9 "Verily I say unto you, wherever this good news may be proclaimed in the whole world, what also this woman did shall be spoken of for a memorial to her.

MEMORIAL - Old Testament - Strongs Exhaustive 2143 "Memory, Commemorative, remembrance, record, reminder. New Testament - Strongs Exhaustive 3422 "Be mindful, make mention, remember".

The Memorial Dance at THE BARN is to remember the joy and fellowship we shared with those who have completed this life's journey. It is our remembrance of those with whom we shared some part of their lives. It is not a time of sadness, but a remembrance and commemorative of the good time we shared together. They were and are a part of our lives. Our lives would be much diminished if we had not known and loved them. It is by observing a day of memorial that we can remember their impact upon our lives. I know that the dancers we lost this last year were very important to Linda and me and made a positive difference in our lives. We truly miss each and everyone of them. We also know that without ever knowing them that we would be the losers. It is good to remember those we love and to reflect on the impact they have had on our lives. Letting go of our dear departed is part of the cost of knowing and loving them. It is a price worth paying.

FLAG ETIQUETTE

by Jerry & Del Reed

**Jerry & Del
Reed**

Many square dance events include playing the national anthem with or without the pledge to the flag. We have often wondered about the proper way to show respect for the flag during these times. While in the Navy and in uniform, there was never any doubt. Now that I am a civilian I am not so sure.

This month we would explore this important subject. We read the following in a recent issue of Shift Colors, the newsletter sent to Navy retirees. We hope it will help you as much as it did us.

Our nation's flag is to be respected, never defaced or scorned. There are appropriate ways to show respect in the presence of the Flag.

During the ceremony of hoisting or lowering the flag or when the flag is passing in a parade or in a review, everyone should face and stand at attention with their right hand over their heart. Military members who are present and in uniform should render the military salute.

When not in uniform, remove your hat (if wearing one) with your right hand and hold it at the left shoulder, the hand being over the heart. Citizens of other countries should stand at attention. The salute to the flag in a moving column (such as a parade) should be rendered at the moment the flag passes. If walking, stop, turn toward the flag and stand at attention with your right hand over your heart.

When the flag is displayed during the playing of the national anthem, all present, except those in uniform, should stand at attention facing the flag with right hand placed over the heart. If not in uniform, remove your hat (if wearing one) with your right hand and hold it at the left shoulder. the hand being over the heart. Persons in uniform stand and render the military salute. The salute begins at the first note of the anthem and should be held until the last note is played. When the flag is not displayed, those present should face the music and act in the same manner they would if the flag were displayed there.

We are interested in your thoughts about this custom, let us know what you think. We also hope this information has helped you as much as it has us. That's all for this month. Keep smiling' and we will see ya in a square!

FEBRUARY GRAND SQUARES

Grand Squares started 1997 with an impressive class of new graduates to keep this young club growing. Those completing their Basic lessons, most as refreshers, were:

Ben and Myrtle Cogan, John and Elaine Fero, Dick and Joyce Grannell, Roselyne Greene, Walt and Jean Hanke, Terry and Nancy Slane, John and Bonne Smead, Harold and Gayla Smith, and Bob And Barbara Warner. Congratulations, and welcome to Grand Squares.

A big thanks to **Joan and Dick Woodward** for providing the Ice Cream and Fixin's for all the graduates, members and guests Tuesday evening. They had a topping for any thing your appetite could create. FUN.

How about a fun break in the week. It's time for the Grand squares to retrieve their banner from the Spinners. We need dancers to join a raid on Thursday from 12:45 to 2:45 p.m. Mark the 23rd of January down for a real fun trip.

Tuesday night the 14th was the kickoff for a new beginners class with **Colin Walton** for a square and a half of new dancers, and a total of five squares participating.

There is still another week to get into this class, so let all your friends know about it.

**Beth and Dale
YOUNG**

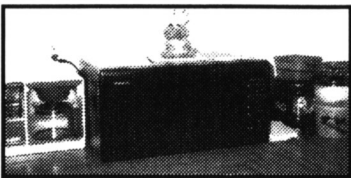

The word is getting around about Square Dancing, and we're in one of the best areas to see growth in this type entertainment. That was apparent to anyone who came to The Barn this past Monday night, the 13th, when the walls were bulging with more than 22 squares attending. What an introduction to THE BARN for visiting caller Jim Mayo from New Hampshire.

And there is a full calendar of just great dancing for the rest of January and February. Otis has planned a Memorial Dance for February 9th in memory of all the friends we've lost in this past year; and mark down the Sweetheart Ball on February 15th. Check this BARN OWL for the details.

Something a little different, but catching on with Grand Squares members is the 2nd Saturday Contra Dancing. Come a half hour early and get introductory lessons for some real enjoyment. Anyone can dance.

Dale McClary calling at THE BARN'S New Year's dance. 20 squares had a great time dancing and eating.

At the New Year's dance Linda was kept quite busy taking food from the freezer to the oven for heating. Margaret Bonneville and Stan Crowhurst again came to the rescue. They have donated this large microwave oven to THE BARN. As you know, Stan and Margaret have already donated 2 speakers that we use to make the sound so perfect for our dancing pleasure. We surely do appreciate what Stan and Margaret have done for THE BARN and for the many dancers who enjoy dancing at THE BARN. Thank you very much, Stan and Margaret.

GO FOR THE MAGIC

The '97 convention is upon us. In only 4 months we will be having the grand march to kick off the 1997 National Square Dance Convention in Orlando, Florida. Linda and I have been talking to a lot of Florida dancers who have not registered for this great convention yet! Having attended the '96 Convention in San Antonio, TX, we can tell you that you will miss out on a LOT of great times.

Special events are scheduled that would rival separate shows that taken alone would cost you far more than the total '97 package. At San Antonio Linda and I attended a lot of the Exhibitions and felt that those performers alone were worth the time and money. We have many of the same groups signed up for the '97 convention, and new ones too. We were so impressed with the group from Colorado that we would love to go there in April for their annual money raising week. In fact, we were so impressed that we are currently trying to get a youth group started here in Brevard.

The only negative aspects of the San Antonio Convention was traveling between buildings for the various functions. This negative has been eliminated for the '97 Convention by having ALL activities under one roof. No hot, or maybe, wet walks at the MAGIC CONVENTION. You will find that the cost of a room is much less in Orlando too.

So, whether you dance BASIC to CHALLENGE, CONTRA, LINE, TWO STEP, ROUND or CLOG, Orlando has a complete program for you. It is not too late for you to join this great convention. In every issue of THE BARN OWL, there is a pass for you to fill out that will get you on the MAGIC CARPET to the '95 National Square Dance Convention. Don't delay, do it today.

There are still a few opportunities for you to contribute to the success of the convention. Committees are still looking for a few good dancers to help out in the various groups. A few hours working with one of the committees while you rest your feet will be appreciated by the other dancers and will help make the '97 Convention a resounding success. Let's show the world that Florida can put on the best Square Dance Convention that there has ever been. We can all do it if we work together.

Fill out the application in this issue and mail it in to join the fun at the '97 National Square Dance Convention in Orlando, Florida.

MEMORIAL CONSTRUCTION

On November 13th, 1996 plans were submitted for the extension to THE BARN. On January 16th, 1997 Linda and I drove to Viera to pick up permit # 57810. Below is the cost associated with obtaining the building permit.

Licensed professional engineer to draw plans	\$410.00
14 copies of building plans	35.00
8 copies of site plan	32.00
Site Plan Review (Brevard co.)	235.00
Building Permit (Brevard Co.)	215.85
Commencement to start certificate (Brevard Co.)	8.00
Licensed commercial contractor to pull permit	200.00

Total received into Dad's Memorial Fund	\$1911.00

The first stage of the project is to pour the foundation. The cost estimate for this phase of the project is \$1200.00. If anyone would like to donate some time in the construction of this addition, please let me know. We will work for a completion date of the 9th of February - the date of the Memorial Dance. Again, thanks to all who contributed to Dad's Memorial Fund. I know he would be well pleased with the love expressed.

WAGON WHEEL SQUARES - ST. CLOUD

By the time this is printed we'll be into a new year - 1997.

December was a busy month as usual for the Wagon Wheels. For banner raids we went to the Limonaders at Sherwood Forest to retrieve our banner and to the Merry Mixers in Winter Haven to steal their banner. We were visited by the Space Trackers on the 13th who were accompanied by their caller Whit Brown.

Fred and Ellie, our banner king and queen are responsible for these activities and they sure keep us busy having fun.

One of our special dances for December was our annual Christmas dance where we invite our class to join us for a fun evening. Santa Claus made a special stop to see us and pass out goodies to all the dancers. Presidents Bob and Sharon Hawthorne had some special door prizes for the ladies that had the right tickets.

The other special dance was our pre-New Year's Eve dance on the 27th. There were finger foods fit for a king along with noise makers and new year's hats. Even the New Year's baby showed up with his teddy bear.

Marge Bladen was the lucky person to solve the puzzle in the news letter and won a special prize.

Our annual Fashion Show and covered dish supper will be held on February 12th. Dot Nimmons always gets great door prizes and special entertainment to make it an unforgettable night.

Before you know it June will be upon us and that means the Florida National Square Dance Convention. One of the many dances held in conjunction with this will be the Texas Po' Boys calling in St. Cloud. More information will be coming out soon about this dance.

Here's hoping everyone has a great 1997. If you ever need a place to square dance on a Friday evening be sure to come to the Wagon Wheel Squares. We'd love to have you.

Bev and Jack Whitney

Dale McClary has reported that the Wagon Wheel dances have been packed. On January 17th Dale reported there were over 20 squares on the floor. The Wagon Wheels is a fun club to dance with. Visit them in St. Cloud - you will like it.

GIVE A HOOT

Did you know that if you are against abortion that you are being called a terrorist? It is true! After the bombing in Atlanta, GA, the head of the abortion clinic here in Melbourne said all people that are against abortion are terrorist! Now that is just not the case. I am against killing children! I think it is murder. I do not want my tax dollars to support the killing and I want everyone to know that I think it is wrong. I have not bombed nor even picketed an abortion clinic. But, because I am against killing innocent children, I am called a terrorist!

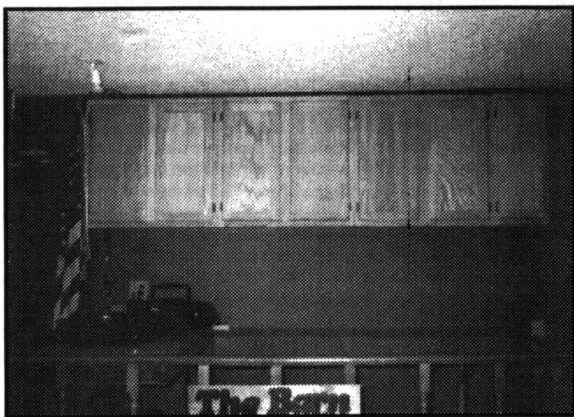

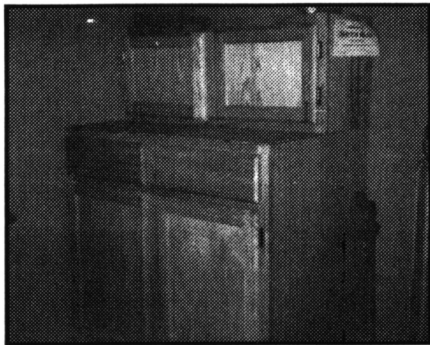

The right to life group has come out against bombings and other acts of violence in regard to this issue. Yet the people who do the violence to over 4000 babies each day call them terrorists! These 4000 killings are done in the United States, not over seas or neighboring countries! That is done under the guise of "pro choice" here in the 50 states of our country, America!

Terror means to instill intense fear. I would say that it is with good reason that we do not refer to abortionists as terrorist as they do much more than instill intense fear. They murder innocent children!

There are many things wrong in our country! There seems to be no way to right these wrongs. Laws that the majority pass are declared unconstitutional by appointed judges. Criminals have more "rights" than the victims. We all see daily reminders of these miscarriages of justice. We have criminals who sue because their food isn't hot enough, who sue because they want to have congenital visits as it is their right to procreate. We pay millions of our taxes each year, in Florida alone, to answer these suits. Our court dockets are full of these cases! Where is the justice of this? The victims certainly don't have these "rights". Victims cannot spend the taxpayers money!

If voting for measures that do away with these injustices do not work then what are we left to do? There are many states that voted overwhelming to do away with late term abortion. The courts overruled the will of the majority! A court system that is ripe with corruption of its own. A court system that answers to no one. If we can not get reform at the ballot box, then where do we get it?

The vast majority of Americans desire a balanced budget! We can not get it. What can we do? There is no place on earth to go and start over. This is not an option. The only solution I see is for a dictator. A King that will right the wrongs. A king that is prophesied in the Bible. Does that mean that until God Himself takes over rule of this world that we are destined to the kind of injustice that is so prevalent today? Until that day comes, we must continue to support what is right, to resist evil, to take a stand for justice, to make our part of the world a better place.

The biggest eyesore at THE BARN was right up on the stage for all to see (I'm not talking about the callers). The shelves held a lot of stuff that looked terrible. Thanks to Dot Wiles (top picture) for the corner cabinet (in memory of Harold Wiles) that gave me a place for my portable speaker and the many records I had stacked there. The bottom photo is of the wall cabinets donated in the memory of Don Harvey. I can assure you that everyone coming into THE BARN notices the great improvement in the looks of the stage area. With the receipt of the new building permit we are going to make further improvements for your dancing pleasure.

BUILDING AT THE BARN

There have been some changes at THE BARN! The stage area is much improved both functionally and aesthetically. Gone are the makeshift shelves and the pile of records, speaker and speaker stand from the stage area. In their place are some beautiful oak cabinets. As with the birth of THE BARN, these changes were brought about by dancers.

The cabinets behind the caller were donated to THE BARN in memory of Don Harvey. Linda and I hung and stained the cabinets, fulfilling the desire of Don Harvey. The plaques are now in place and will enable dancers for years to come to share in Don's desire to see THE BARN be a great place to dance. We will do our best to honor Don by seeing the virtues of THE BARN he loved continue. We hope that there will be many more improvements over the years.

The cabinets on the right of the stage were purchased by Dot Wiles in memory of Harold Wiles. Harold was a great Cuer at THE BARN for the Palm Bay Promenaders and provided lessons at THE BARN for many round dancers. We certainly appreciate the grace and poise that Harold provided to the dancers. He was our guest Cuer at many special dances and he is sorely missed.

In the kitchen area you will see a lovely large micro-wave oven. It too has a plaque on it. This is another donation from Margaret Bonneville and Stan Crowhurst. If you notice, you will find that two of the speakers that provide the great sound at THE BARN for all of our dancing pleasure were donated by Stan and Margaret.

These and many other donations have made THE BARN a unique and great place to dance. As you enjoy these additions to THE BARN, take time to thank those who have made it all possible.

If anyone has a desire to contribute to THE BARN, we have many items that are needed to enhance our dancing pleasure. The next two items that will add to the richness of the sound are two more speakers. We need to add one speaker on each side wall so the sound will be better balanced the length of the hall.

We are now proceeding with the addition to THE BARN that will be a memorial to Earnest Lutz. We will be adding another air conditioner to this area. If you desire to become a contributor to THE BARN in these or other areas, please let us know. It is our desire that people continue dancing at THE BARN long after Linda and I are gone. We are working towards making that a certainty. Thanks to all the dancers for your support.

YELLOW ROCKERS

FEBRUARY SUNSHINE CORNER

PAT LUDWICK
Yellow Rockers Reporter

Welcome to the New Year! Hopefully this will be a better year for all of us, but for some, it just hasn't started out very well. It seems almost everyone you talk to has felt the effects of all the viral infections, flu bugs, and colds going around. Our get well list is quite full this month. As most of you know Donna Lummel has been very seriously ill with pneumonia and has been on a respirator and been in the intensive care unit at Holmes Regional Medical Center for a few weeks now. She has really had a very rough time of it, but the good news

is she is improving somewhat and all our prayers have been answered. Ken Lummel has been such a devoted husband and has spent almost every day and night by her side. We surely do miss seeing both of you and we hope and pray that Donna will be improving more and more every day.

John McGowan has been confined to his home with a torn retina in one of his eyes. Emily tells me he is doing better and is anxious to get back to square & round dancing real soon. Some of our members bitten by all those nasty bugs are as follows...Bill & Donna Dossett, Otis and Linda Lutz, Bill & Pat Ludwick and Mel Grenier. In fact, Mel and Pat have both had relapses of their viral infections and bronchitis. Bob Pritchard just recovered from cataract surgery on both eyes. He has just received some distressing news that they have detected some cancer cells and he is undergoing tests right now for it. I will keep you posted on his condition and you can be sure Bob, you will also be in our prayers that the problem will be corrected as soon as possible.

As for our travelers, the Radliff's have been on the road or in the air again. They are trying to catch up with the McGowans, I think. This time they took a trip on the Jungle Queen Boat out of Ft. Lauderdale with the volunteers from the King Center. Shortly after, they went over to Orlando and checked into the Radisson Twin Towers for several days and took in Sea World and the other attractions in that area. Then it was off to Corpus Christi TX. for a visit to their daughter's home there and then came

(Continued on page 19)

(Continued from page 18)

back to Melbourne to spend Christmas with their son and daughter-in-law and other family members. On Jan 2nd. they then flew to Spring, TX. to spend some time with their other son and his wife. Now they are planning their big trip to take place in June where they will be visiting the Alpine Countries.

Edie Klein is back after a couple of months. She spent the Holidays with her daughter and family and friends in Maryland. But was a little homesick and so came back a few days earlier. More of our winter visitors are returning back to sunny FL. Our friendly Wisconsinites are back and so are Chester and Audrey Dodge. As you know, both Chet and Audrey have had several operations at Mass. General Hospital. They have recovered nicely and we are so happy to have them back with us. Unfortunately or fortunately they have not had any exciting events with Chester's buddies...THE BEES....He will start some new hives in the Spring though. Good luck this time Chet!

Well our dance on Mon. Jan. 13th was fantastic. We had 20 squares of dancers and our visiting caller, Jim Mayo, had the place jumping. He and his wife Joann and Jerry and Del Reed are dear friends from way back. Jerry and Jim did such a good job calling. We also had two visiting clubs come to raid us, the Space Trackers (who by the way brought 44 dancers with them), and our fun and friendly dancers, the Buckles and Bows. It surely was a great night.

By the way, Jim & Joann Mayo are from New Hampshire and Jim was instrumental in helping Jerry become a square dance caller.

I am still in need of your news and biographies to feature in the Barn Owl so please send me the news or call me at...723-7090 Thanks

Your Yellow Rocker reporter, Pat Ludwick

ALLEMANDERS

FEBRUARY REPORT

Donna Noeske
Allemander Reporter

The Allemanders will be dancing on February 1, 8, and 15. Square dancing begins at 8:00 and there is round dancing between tips. Vince Furtado cues the rounds; Ray Yon is our caller. Dancing ends at 10:30. We welcome visitors!

The February 8th dance will be a special occasion - Mardi Gras Night! Maxine and Wally Robb are hosting this celebration, and Maxine promises some tasty red beans and rice. Get out your masks and beads and join the fun. Costumes are encouraged; however, definitely not required. The Robbs suggest that if you choose not to wear a costume you might consider wearing square dance clothes in the Mardi Gras colors of yellow and green.

The class dancers continue to make excellent progress, often showing up the "old timers" when they dance the first tip with the club.

If you want additional information about the class or our dances, please call Lona and Doug at 773-6420 or Joe and Carol at 777-8962.

FAVORITE LITTLE SAYINGS

"What sunshine is to flowers, smiles are to humanity. They are but trifles to be sure: but, scattered along life's pathway, the good they do is inconceivable."

"How far you go in life depends on your being tender with the young, compassionate with the aged, sympathetic with the striving, and tolerant of the weak and strong because someday in life you will have been all of these."

HERBS FOR TREATING CANCER

If you get cancer, there are some herbs that can be used to reduce the effects of chemotherapy and radiation.

Keith Block, M.D., medical director of the Cancer Care Program at Edgewater Medical Center in Chicago, is researching how herbs can be used in conjunction with standard cancer treatments. He has found that cancer patients undergoing standard treatment have fewer side effects, such as hair loss and nausea, when they take herbs that benefit the immune system.

So far, Siberian ginseng has not been proven to have any direct effect on cancer cells, but it can increase general resistance and improve side effects resulting from chemotherapy and radiation. In Russia in 1964, a tincture of Siberian ginseng was given to 38 people with similar types of cancer of the mouth an hour before they went through 14 days of radiation therapy. They experienced numerous benefits, including better sleep, an improved appetite and even a renewed interest in life, as well as normalization of blood pressure, pulse and breathing rates. Also, the wounds that resulted from the cancer healed approximately one month before those of the people in a similar group not taking the herbs. The researchers concluded that Siberian ginseng can counter the harmful effects of radiation treatment and increase the rate of healing. Two years later, another Russian experiment showed that Siberian ginseng decreased the toxic effects of chemotherapy used to treat breast cancer.

Despite so many of our Dancers having the "flu" bug, the New Years Eve Dance was a huge success and a spectacular affair as usual. There were 20 squares dancing on the floor. There was lots of fun, good food and of course good calling. Buy your tickets early for next years gala affair to welcome in 1998. Don't delay and get left out.

We are starting the New Year with very good attendance at our dances. On Jan 9th we had 8 squares on the floor. We were raided by the Silver Squares, and of course we get our share of winter visitors at this time of year.

Laboratory studies in China and thousands of years of experience have paved the way for various herbs to be used in combination with Western drug treatments in Chinese hospitals. The herbs given to people with cancer include astragalus, ligustrum and Siberian ginseng.

In numerous studies on astragalus and ligustrum, these two herbs improved the immune response in most of the people with cancer who took one or the other or both. Researchers even concluded that astragalus contains "one or more extremely potent naturally occurring immune stimulants." At the M.D. Anderson Cancer Center in Houston, researchers have found that immune-cells taken from people with AIDS and cancer became more active in the test tube and that these people felt physically and emotionally strengthened after being treated with astragalus.

Medical doctors in Japan are also more open to using herbs than are their counterparts in North America. After the National Cancer Research Center in Tokyo discovered in the 1980s that shiitake mushrooms could be used to shrink cancerous tumors, Japanese hospitals began giving their patients a shiitake concentrate to increase their immune response. Japanese doctors also used an extract of a mushroom called polporus to improve the expected cancer survival rate by a few years.

One herb that has had a lively history is pau d'arco. This medicinal plant has been used since the time of the Incas and the Aztecs to treat various immune related problems, including poisonous snakebites. In the 1960s, the Brazilian press published reports that included hundreds of testimonials that declared pau d'arco a cancer cure and people were soon ripping the bark off trees throughout the country, even climbing into the Botanical Gardens in Campinas to do so. These people were spurred on by the miraculous story of a young girl in Rio de Janeiro who was cured of cancer after an angel visited her and told her about the bark. A newspaper account also told of University of Sao Paulo botanist Walter Accorsi, Ph.D., who daily dispensed the bark for free to crowds that sometimes numbered 2,000 people! Unfortunately, the sensational stories made most scientists cringe, and the little research that was done at places like Sao Paulo Hospital of Clinics was short-lived.

Herbal medicine works best when practiced holistically - that is, with the intent to heal the entire body and get at the sources of the physical and emotional imbalance. Today's medicine treats the symptoms. For example, if you get a headache you take a drug to get rid of the headache. With holistic treatment, you treat the body so you no longer get headaches. Normally the holistic treatment is not "instant" and we choose the "quick fix". We need to treat the body as a whole to have complete health.
