FROM THE LOFT

The year is half gone and summer is upon us. Our northern friends have gone for the summer and many of our year round dancers are traveling the world. The dancing is still fun and we are planning for the new fall lessons.

We have to say a little about the first ever CFA Dance at THE BARN on the 31st of May. It was a huge success! The hall was packed! We had well over 26 squares present and all had a ball. The Fellowship Hall was packed for the Pot Luck Supper and the food must have been great. (Linda and I couldn't eat the good stuff as I was on the cabbage soup diet.) When we returned from my soup, the food was gone and the dishes had already been removed. John Barrett and Phyllis Williams did a great job with the really large crowd. We did not hear any negative comments and trust that the CFA was also pleased. We hope they return again soon.

We have had many requests for THE BARN tee shirts. We will be ordering another 6 dozen to be delivered in time for the Welcome Home Snowbird Dance to be held on November 22nd with Skip Smith the featured caller and Phyllis Williams on the rounds. I hope you will all plan to be here to welcome the snowbirds home. Believe it or not - it will be here before we know it!

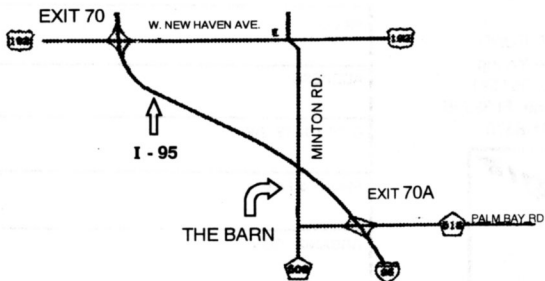

Work continues on Dance World. We have been busy clearing the land and getting fill hauled in. One of our short term goals is to have a Dance World Park for members to use for club picnics. We hope to have it ready for the Welcome Home Dance in November.

Sunday, June 22nd finds Dick Waibel from Calif. and Larry Cole from Indiana here at THE BARN for a Trail End Dance with Jerry Reed and Dale McClary. This is a plus dance from 7:30 to 10:00 PM. There are a LOT of Trail End and Trail In Dances being held prior to the National Convention. We know that it is impossible to attend them all. Linda and I have scheduled the 21st for the "Po Boys" in St. Cloud and the 22nd for the dance at THE BARN. We hope that all of you will support the National by attending this great dance. Much work has gone into this event and we know it will be an exciting experience.

Right after the National, Linda and I will be having a kick-off for the Sew and Save event that we are responsible for. 1999 is close by! We have had many good workers and seamstresses that have volunteered to work on this committee. Bring your ideas to us. We look forward to working with you.

Dear Brevard BOOSTER!

We are planning a new and rejuvenated FOURTH OF JULY PARADE for 1997, and we really need your participation. The Holiday Parade was spectacular, with over eighty floats or entrants. This JULY 4th should be an even bigger event.

For the City of Melbourne, it is one of the biggest community celebrations of the year, with an afternoon of picnicking, park activities, the Brevard Symphony Concert.....topped off by the evening gala fireworks display.

And the nice thing about it is that it is attended by local residents....those people who live here year round. It's a great chance to make a lasting impression on your community....the one you deal with daily.

We need Corporate sponsors who can help us with mailing, printing, and prizes. We need participants who want to show off to their public with their own FLOATS, MARCHERS, SPECIAL DISPLAYS, or other creations.

Put yourself in front of the community with your own contribution.
YES, I WILL CONTRIBUTE \$25.00 \$50.00 \$100.00

YES, WE WILL PARTICIPATE IN THE PARADE WITH:

☐ FLOAT? ☐ MARCHERS? ☐ MOBILE? ☐ OTHER?

ENTRY FEE...\$10.00

DEATH - The Final Frontier?

I suppose everyone has watched StarTrek. I know I have - over and over again. They start each show by stating "Space - The Final Frontier." Today I would like you to consider another "Final Frontier", DEATH.

I have looked at every instance of "death" in the Bible and every meaning simply says it is to die, to be killed, a "state", or dying. Now, we can be appointed to death or doomed to death, we can be put to death or become dead or we can finish with this life. Now if death is the Final Frontier, then there is nothing beyond that state. Now if space is the final frontier then there can be nothing beyond it. What then, may I ask, is space expanding into? The same can be said of death. If it is only a state then there must be something beyond that state.

The Bible clearly states that death is not final. Jesus said after death comes judgement. We are also promised everlasting life. Jesus also said we cannot pass from this life to the next without death. It certainly is something all of us will experience for ourselves. Fortunately for us and those we love, death is just a way station; a place we go to pass to the next state. This state is not reserved for a certain class of people or for those of a certain belief. It is for every person that ever lived if they will but accept it at the Feast of Atonement (This is one of the seven feasts of God).

Life is a gift from God. God made a way for each of us to have everlasting life. It is a gift. It cannot be earned or bought. The Grace of God is sufficient. Not of works lest anyone boasts. Just as belief is from God, so is life. If we start saying that a certain belief is required to have everlasting life, then we say someone is right and others are wrong and we must choose the right one. This is obviously a work we must perform so we can reject that as that would do away with God's Grace, which is sufficient. It is also not something we can reject or accept as God gave it to us.

Just as space is expanding and we will never be able to reach the "end" of it, so our life will forever be expanding and we will never reach the end of it. Death has been defeated. It has no power over you or me. It is now only a "way station", a state we must pass through to get to the other side.

I have only one regret and that is that it is so grievous to have our loved ones to go to that new life ahead of us. In the grand scheme of things, this short separation is but a blip in "life" that we all must endure. Let us rejoice in the happiness that those going first now enjoy.

WELCOME NEW DANCERS

During the past couple of months there have been several new dancer graduations. It has always been a great thrill for us to see new dancers enter the square dance activity. We have also been very proud to have been a part of the process which brought new dancers from the first "introductory" session to graduation.

Learning to square dance these days is not quite the same as it was during the early years of the 1930's and 40's. In those days dancers did not need to go through lessons to learn to dance. There were a very limited number of moves and a person could generally learn enough to get by during just a few dance sessions.

Today there is more to learn. We now have the CALLERLAB program lists which provide a worldwide standard for the dance programs. Now we can learn to dance a particular program, i.e. Basic, Mainstream, or Plus, and know that if we visit another club (even in a different country) which dances that program we will be able to dance. This was not always true. In the 1950's and 60's there was an explosion of new moves. It would not be unusual to go to a dance and hear (and be expected to dance) as many as 4 or 5 moves you had never heard before. As you can imagine, this often led to confusion, rough dancing, and eventual dropout.

The chaos of the 1950's & 60's called for a solution. The development, implementation, acceptance and use of one set of standard program lists provided this solution. Now dancers can attend a dance advertised at one of the CALLERLAB programs and know what to expect. The CALLERLAB programs, styling information, definitions, and timing information have provided stability and standardization to the square dance activity during the past 25 years.

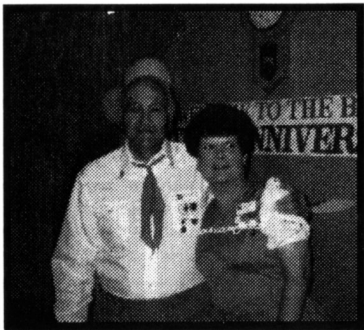

There has been much written about the transition from class to club dancing. With the influx of new dancers we all need to do whatever is required to make them feel welcome and a part of the activity. Transition can be a rewarding experience for both the experienced and newer dancers if all of us approach it with good humor, patience, and tolerance. We were ALL new dancers at one time. It is up to each of us to welcome our new members into the activity.

JULY GRAND SQUARES

The Grand Squares are looking forward to the Glorious 4th OF JULY Parade and celebration in Melbourne this year. The Square Dance Float will be available for decoration to begin at 9 a.m. on Friday, the 4th at the Melbourne Auditorium Parking Lot. Any one wishing to dance on the float and participate in the parade should plan to be at the Auditorium by 9 a.m. at the latest. We need lots and lots of volunteers to help coordinate the entire parade.

We were blessed with many visitors this past month... Barbel and Bernd Mayer, vacationing her from Hamburg, Germany in the Black Mountain region... and several recent Mainstream graduates from the Vero Beach Twirlers. The Grand Squares extend greetings and welcome your continued visits to our dances to John and Maria Hubert, Rich and Katie Rademachier, Richard and Debby Hauk, Eugene and Joan Haney and Pat and Carol Chamberlain who travel from Vero Beach and Ft. Pierce.

**Beth and Dale
YOUNG**

We send our special wishes for a full recovery to Charlie Taylor who is now at home recovering from a bruised heart and fractured ribs due to an auto accident in Georgia recently.

Two squares of Grand Squares raided the Canaveral Squares Friday, the 13th. In honor of Black Cat Day, all those raiding received a special Black Cat dangle.

We are happy that many of the Grand Squares plan to attend the National Square Dance Convention in Orlando the end of June. Some of those planning to attend are: Pete Hoyos and Roz Mestre, Candy Klein and Joe Byers, Oscar and Betty Webster, Cheryl and Bernie Boydston, Walt and Jean Hanke, and Dale and Beth Young.

(Continued on page 31)

(Continued from page 6)

The new dancers have some responsibilities also. First, visit other clubs and callers either as part of a banner raid or on your own. Also, know the program you are comfortable with. The CALLERLAB programs include Basic, Mainstream, Plus, Advanced, and Challenge. If you are unsure of which program another group dances, ask your caller or club officers. Let them know you would like to dance with other groups. The best way to increase your dancing experience is to dance with other groups and callers. The best way to increase your dancing pleasure is to become comfortable with the program you have chosen to dance.

The best way to become more comfortable with any dance program is through dance floor time. The best (only) way to get floor experience is to dance! Dancing with different callers and clubs is best. This will provide the advantage of hearing other callers and making new friends. Several callers/clubs offer "refresher" or "rusty hinge" type workshops after graduation.

These type programs are very helpful to new dancers. Generally, these sessions are less structured than a normal class session. They generally do offer an opportunity for new dancers to concentrate on moves with which they

GIVE - A - HOOT

**Joe and Jane
Moccia**

JOE & JANE were first introduced to square dancing in 1980 at a demo in East Brunswick Mall in New Jersey. They really liked what they saw, so they decided to start classes with the Merry Eights Club, with Glen Cook teaching on Monday nights. Glen was also teaching on Thursday nights for the Shore Swingers Club and so Joe & Jane decided to

attend their classes too. They graduated from both clubs and they both enjoyed dancing very much.

In December of 1995, they decided to move from New Jersey to West Melbourne. New Jersey's loss but our gain I would say!

Joe likes bowling, horse shoes and playing pool for hobbies. Jane enjoys doing crafts and reading, and they both like playing Bocci, and walking and bicycle riding. In July, they will celebrate their fifteenth wedding anniversary. Joe has three children and Jane has 2 children and they proudly have five grandchildren.

The Yellow Rockers Club is so very happy to have them as members. They always have a smile for everyone at every dance they attend. It is such a pleasure having them in our club and hope they will remain in Melbourne for a long...long...time. Welcome aboard Joe and Jane!

SPACE TRACKERS

WELL, IT'S COMPLETE!!! All the planning, giving of time, effort, the hours of dedicated SERVICE, all on behalf of others was reached during the closing days of June. We may not have reached the 'numbers' anticipated BUT those who came from far and near enjoyed the "Greatest Square Dance Event" ever presented. To those who were unable to participate... we're sorry you missed this chance in-a-lifetime celebration This one was THIRTY-TWO YEARS since the last National held in Miami Florida. To ALL SPACE TRACKERS who 'gave of themselves' - We are so VERY proud of all that you have done on behalf of the "Square Dancers Of The World". THANK YOU, THANK YOU!!

Over 75 dancers in the Rockledge and Melbourne area joined together for an evening of F-U-N during the annual "Lone Cabbage Patch Fish Camp Fest" outing. Woody and Mary Lou Coyle, together with the members of their committee spent untold hours putting this funtime event together, and it showed in the appreciation expressed by all 'seventy-five' who enjoyed the feasting, the dancing, the jokes, and the 'professional-acting(?)' present: in the Skits(?) [how 'bout that "seer" with the fleas of a camel in his beard! We sure had FUN - y'all]. A highlight of the evening was when Bob Frye 'Called-a-Tip' as we danced to the music. Was great to see and hear from Bob and Judy!

The Trackers 'raided' the Canaveral Squares of Rockledge and the Whirl & Twirl of Orlando, while the Yellow Rockers from 'The Barn' came to 'reclaim' their banner. The Allemanders of Satellite Beach 'visited' us one Saturday evening and enjoyed the fellowship we share together.

During May & June we danced to the 'callings' of Whit Brown, John Saunders, Art Springer, and Dale McClary.

The 96-97 class graduated 19 students during an impressive ceremony on June 21st. Following the formal ceremonies, there was a 'testing' of their newly acquired skills and all in attendance joined in the fun and frolics. A 'Welcoming Social' preceded an evening of dancing and fellowship. New dancers joining the club were: Sam Bell, Caroline Brown, Tom Brown, Eivor Brown, Bob Gardner, Bill Green, Tony & Jackie Haisema, Buz Hinke, Ed & Kaye James, Bonny Lathen, Mary McCaul, Leo & Mary Ann Shumaker, Paul Taylor, Loren Walters, Bob & Evelyn West. You can now continue the FUN, Goodtimes and Fellowship you have come to expect during a Space Tracker dance.

WAGON WHEEL SQUARES

**Carol & Royce
Arter**

Everyone enjoyed our special "May Flowers" dance on May 16th. Bivian and Eddie Williford keep our hall decorated in the appropriate themes, and this month our "flower tree" was loaded with blossoms. We'll miss them while they are in North Carolina, but they put "decorations" into very competent hands.

Theme of the special June dance was "The Fifties", and what fun that was to go back in time to the days of bobby socks and poodle skirts.

Our Snow Bird friends are certainly missed this time of year, but they will be back before we know it. And so will New Year's Eve. More information will be coming about our special New Year's Eve dance.

By the time you read this, the "46th" will be just a memory. We can all sigh a big sigh of relief and wonder for a job well done - and look forward to Charlotte next year! The children of Bob and Phyllis Randall (our Treasurers) honored them with a 45th Anniversary celebration on May 25th. Numerous friends, including many from Wagon Wheels, were there to share with them their many memories. And, of course, whenever square dancers get together, there is fun! Danny Rain entertained us with music and vocals from all eras, even the Macarena! Royce Arter called several tips, Jan Shankle did the honors on the rounds, and everyone had a good time. We wish you many, many more, Phyllis and Bob.

We had banners "promenading" in and out in May, gaining one from the DeBary Starlight Promenaders and losing one to the Palm Bay Promenaders.

Our summer dance schedule is as follows: (June - Sept.)

7:30 - 8:00 Early Rounds

8:00- 10:00 Square dancing geared to Plus Workshop level, with announcements from 9:15 to 9:30 p.m.

10:00- 10:30 Full Plus Dance

Come join us for a fun night. We dance at the Senior Center in St. Cloud on Fridays.

A PILGRIMAGE

By our own Linda Werner

In April of this year, I had the privilege of making a pilgrimage to Medjugorje, in Bosnia-Herzegovina. It is there, that the Blessed Mother of Jesus, appeared to six children on June 25, 1981. And is still appearing to four of them every day at a certain hour of the day. Several of the visionaries now have families of their own. Never having been outside of the United States and not liking to fly, I didn't really think I would ever go half way around the world and all by myself, even. But, I wanted to go to Medjugorje and everything for the trip to become possible just fell into place so easily. I left a week before my trip to Medjugorje, to spend Easter with my children and grandchildren in Wisconsin. Kip, Terry and Jude drove me to Orlando and wished me a wonderful trip and pilgrimage half thinking I was losing my mind. The flight to Chicago was flawless and we landed at 9:30 a.m. No one was at the gate to meet me so I went down to collect my luggage and wait for my daughter and daughter-in-law to pick me up. They were driving from Appleton, Wisconsin to O'Hara International Airport, a two hour drive for them. They had told me they might not be there until 10:30am At 12:00pm I started to get concerned for their safety and called Kip in Florida, to have him call my son in Appleton, to see what time the girls had left. (I didn't have any phone numbers with me and wasn't carrying along anything I didn't want to have with me for my trip overseas). Ten minutes later I called Kip back to find out what he found out. The girls should have been at O'Hara at 9:30am. Oh boy, now I was nervous and worried, where were Angie and Judi? As I walked back to my suitcases a porter asked me if I'd like a hat and jacket, so I could start work, since I'd been sitting there so long. I told him my story and he suggested I page the girls so I went over to the orange phone hanging on the wall and had them paged. I sat back down to wait and then I realized I heard no pages, so if I didn't hear my page for them, what if they were paging me. By this time the kind porter was keeping pretty close and kept watch over my luggage as I flew back to the phone to see if anyone had paged me. Sure enough, they had. "Go up to K-7 your party is there". Those were the most beautiful words, I had been so worried for them. I ran back to get my baggage and lug them up to K-7, but the porter said "Oh no, why should you go way up there, call the gate and have them come down here". so I hurried back to the orange phone. It was busy, busy, busy. As I stood waiting I looked back at my luggage and the porter was pointing out the orange phone to someone else. After another busy signal I turned and saw the two most beautiful faces, my daughter and daughter-in-law. Where had they been? LOST!! They had zipped right past the sign on the interstate that said O'Hara Indiana. They were looking for a sign that said airport, they didn't want to go to O'Hara, Indiana. So they ended up in downtown Chicago, south side, where no one wants to go. While there, they even got out of the car to ask directions. And so, they headed back to the northside and me. They were safe that's all that matters

A week later Judi drove me back to Chicago, we turned at the sign that said O'Hara Indiana and I got to the airport in plenty of time. She wouldn't leave me until I met up with the group I would travel with. And then she waved goodbye.

I was alone with people I didn't know, yet we all had a common desire, we were pilgrims to Medjugorje. We had a 97 year old gentleman with us, two ladies who were sisters well into there 70's and the other 27 of us were of varying ages. I really didn't meet any of them until we were in Medjugorje. Our flight over left at 3:30pm. There weren't a lot of people on the plane, so I had a window seat and the seat next to me was empty, which made the trip very comfortable. At 1:30am I looked out the window and the sun was shining so bright, it was 7:30am and soon we were on the ground in Paris. From Paris to Zegbe, Croatia, then to Split, Croatia and then a three hour bus ride along the Adriatic Sea. It was very cold and having come from Florida, I didn't have a very warm coat along. As we drove along the mountainside, the view and cliffs down to the sea were so magnificent The houses and countryside were like I'd never seen. Toward dark the rain, wind and sleet started. The road was wet and I would have thought probably could be slippery. We had ascended higher up the side of the mountain and looking down the water was far below us and we drove along on the road that was just inches from the edge. I could no longer look down without feeling uneasy. I thought I'd rather be in an airplane. At one point I grabbed hold of a pole next to me and quickly let go, wondering what good it would do me if we went over the edge. I made the mistake of looking up front at the driver and saw that his windshield was fogged over, yet along we

sped. Now I knew why our group leader had us start praying the rosary, she had been this way before. Soon, we turned inland and after one border check were into Bosnia. We finally crawled into bed about 11:00pm after a very nice supper. The next morning started early, for nine days Medjugorje was home. Every morning our group met for the prayer and then breakfast, which usually was baked bread and cheese, eggs, peanut butter, juice, milk and instant coffee. Then off we went, the village was a mile hike through the fields and over the rocks. The fields were full of grape vines, not yet budding out. We walked to the village at least three times a day and it never really seemed to be very far. When we were walking on a road, it was like a treat to be on smooth ground. I climbed Podbrdo (Apparition Hill) everyday. This is where the children first saw the Lady. Mt. Krizevac (Mountain of the Cross) I only climbed twice. The cross on Mt. Krizevac was erected in 1933 and is almost 9m. high and made of concrete. It is mind boggling to think of the village people carrying all that concrete up there over all those rocks. The cross had been erected to God, after a flood in the valley, in the hope that God would keep Medjugorje safe forever more.

Our group was privileged to be present at an apparition, on the fourth day we were there. We met three of the visionaries, Vicka, is my favorite, she always has a smile, with special heartiness and endless patience with all of us pilgrims. Life in Medjugorje, has changed since 1981. In a way, I feel sorry for the village people, their standard of living is better for sure, but, life will never be the same. It will be forever busy, millions of people of all faiths, from all over the world, have visited. And have left spiritually renewed. For some healings have taken place, there have been physical healings and many spiritual healings. What is the message of Medjugorje? Peace. The world is being called to conversion. To pray, pray, pray. Through prayer comes PEACE. God's Mother, wishes everyone to know and love Her Son, Jesus.

There is so much more to my pilgrimage, but maybe this is enough for now. We left Medjugorje at 2:30am so it was dark driving back to the airport and so we weren't even aware of cliffs on our way home, in fact I thought we went a different way back. But, no they said there is but one way and that is along the Adriatic Sea. We were in Paris by 2:00pm and then went on a bus tour. Some of us slept. After being in Medjugorje, what is Paris? :>)

I love being home with my family, but, I will also always miss Medjugorje. It was so peaceful there. So how we would like everyday to be. Thanks for listening. Peace to all, Linda Werner. PS. I kept calling the 97 year old gentleman, Stanley. Then someone said his name isn't Stanley his name is Charles. Oh, I thought it was Stanley, wonder where I got that name from. Well when I got home and saw our Stanley, I knew why I called Charles, Stanley. They really do look a lot alike. So Stanley, you were in Medjugorje too.

When I think of a Pilgrimage like the one Linda Werner took here I can not help but think of Don Quixote and his great quest.

This is the very first person I have known that has taken such a pilgrimage.

THE BARN OWL thanks Linda for sharing her travels with us. If you have taken a trip you would like to share please send your story to THE BARN OWL. We will print it on a space available basis.

The Editor.

YELLOW ROCKERS JULY SUNSHINE CORNER

So far the Summer has started out hot, hot, hot, and humid, humid, humid, along with some pretty heavy rainstorms accompanied by thunder and lightning at times. Our lawn is the thickest and greenest it has ever been in years, and our lake out back is full of water once more. I am not looking forward to July and August as it will be even hotter and more humid. No wonder so many of our dancers head back to the northern states to cool off.

Since no one has called me with any club news to print for this month's article, I had to do a little news hunting on my own, and it's like pulling teeth to get anyone to agree to share their biography for the "GIVE A HOOT" article. Have a heart dear friends and give me something to work with so we can keep this column going, OK? I will be forever grateful if you'd keep me posted with what is going on with your lives that you care to share with us of course.

PAT LUDWICK
Yellow Rockers Reporter

Thanks to my dear friends the McGowan's and their busy and interesting trips to varied places, they are able to fill up most of my news! And speaking of Emily and John, they are back in town for a rest after spending two weeks in Galveston, Texas at their condo where they managed to go dancing in Houston three or four times and John was able to do a lot of golfing. From there they went to New Orleans and took a Mississippi boat ride, visit Bourbon St. and try out some new eating establishments there. Then they

made a side trip to Biloxi to gamble, and while there John met Dorothy and Ed Braski and the Vierlings who are Promenaders and who were also trying to win big money. Small world isn't it? Emily says Galveston is one of her most favorite places and that she and John had a marvelous time!!!!

Bill and I can't wait till we make our yearly Arizona trip in Sept. On the way we'll visit Branson, Mo. and when we return we'll come back by way of the Dodge's and visit in Southampton, Mass. for a day or so and then on to the Cape Cod area to see my relatives and old friends. Can't come too soon to suit us!

Talked to Edna Pritchard and she told me Bob is doing fairly well and undergoing radiation treatments until July 24th. Usually, they are back up north on the farm at this time of year.

(Continued on page 19)

(Continued from page 18)

Although Bob is doing pretty good he is experiencing some tiredness these days, which is understandable. So let us all keep him in our prayers.

D.J.'s husband is home after a trip to the hospital for an angioplasty, but is doing pretty good. While in the hospital, another of our Barn Dancers, Carl Noren, from the Promenaders was a patient there also and so D.J. & Eileen kept one another company while the men were going through their procedures. We'll keep them both in our prayers also, along with Camille Furtado who is having some medical problems lately. She and her Drs. are trying to come to some agreement and find the correct treatment for her problems.

Our Wisconsin supporters the Werners and the Zrutsbies will soon be returning to their summer places and we certainly will miss their company and smiling faces and funny Jokes. They have been so much fun and been loyal supporters of both the Yellow Rockers and Promenaders and certainly helped us out many times during our banner raids and retrievals. And we thank them so much for their support and look forward to having them back in the fall.

Jerry Reed graduated his latest class on June 9th. It was a nice group and we congratulate them all and look forward to dancing with them in many squares. The youngest and most energetic class member, OUR LITTLE KAYLA, came through with flying colors. Nice going Kayla, we are sure proud of you!

Well, that is it for now. Don't forget.....I really do need your news everyone to keep this column going so please do help me out ok and call mePat Ludwick at tel. # 723-7090. Thanks!!!!

JULY NEWS FOR THE ALLEMANDERS

Donna Noeske
Allemanders Reporter

On July 5 our club will hold a "Red, White, and Blue" dance. Please come dance with us and wear, if possible, the colors in our nation's flag. We all appreciate living in the U. S. and want to "show our colors" as a symbol of our patriotism! Leah promises to make a special cake for the occasion. It goes without saying that that will be delicious!

We also will be dancing on July 12 and 19. On the 12th, the Promenaders plan to steal our banner. They are a fun group and we look forward to their visit.

By the time you read this, the Allemanders should have a new club caller. Visit us and see for yourself!

With the next issue of the Barn Owl, Janet Aden will be reporting for the Allemanders. I've enjoyed writing this news article, and I know Janet will also. She will do a super job!

We will miss Donna Noeske's articles. She always provided her input on time in a format (typed) that I could scan in to THE BARN OWL. Sure made our job a lot easier. We appreciate all she did for THE BARN OWL and certainly her donations which she included most every month. You will never know how much your comments and gifts were appreciated. We also thank you for providing us with a new reporter for the Allemanders. I am sure Janet Aden will do a fine job.

For those wanting to help make Janet's job a little easier, you can contact her at 259-9678 or, of course, at any Allemander dance. Her home address is 2202 Woodlawn Circle, Melbourne, FL 32934. I know she would like your input.

Again, we will miss Donna's reporting and know we will see her in a square.

FLAX OIL

Flax oil is one of the richest sources of valuable omega-3 fatty acids. At 50-60% omega-3s, flax oil contains almost twice as much of these essential nutrients as do fish oils. Because they are commonly lacking in our foods, fresh flax oil improves health by providing our bodies with adequate amounts of the essential omega-3s.

What Can Flax Oil Do?

- 1 Heart disease. Omega-3s lowers high blood cholesterol and triglyceride levels by as much as 25% & 65% respectively.
- 2 Cancers. Omega-3s dissolve tumors. Omega-3s kill human cancer cells and inhibit tumor formation.
- 3 Diabetes. Omega-3s lower the insulin requirement of diabetics.
- 4 Arthritis. Omega-3s have been found to be effective in the treatment and prevention of arthritis. Recent research has shown that 60% of rheumatoid arthritics were able to completely discontinue their non-steroidal anti-inflammatory drugs (NSAIDs), and another 20% were able to reduce their dosage of NSAIDs by half.
- 5 Asthma. Flax oil may noticeably relieve asthma within a few days of beginning use.
- 6 Skin Conditions. Flax oil is famous for its ability to make skin smooth, soft and velvety.

Flax oil can be purchased at Natureworks. See their ad on page 8 of the BARN OWL. More information can be obtained from their "LIBID LETTER".

Square dancers sure stick together. Eileen Noren and I spent June 4th at Holmes Hospital waiting for our husbands, Jim and Carl, to have angioplasty operations. My husband had a cauterization the day before and Carl had both operations on the same day. On the way to the out patient floor I met up with Carolyn McClary. She is still having problems so wish her well when you see her. After talking with Carolyn, I turned around and came face to face with my Avon lady working at the admittance desk. What a small world we live in after all. Carl and Jim came out of surgery just fine. Jim will go in again this month to have a Cortaid artery cleaned out. Let's keep our fingers crossed that all goes well once again.

I certainly hope the rest of the Promenaders remain healthy, especially with the Nationals just around the corner.

It certainly was a treat to see Vona Brown at the dance this past month. She looked rested and just as beautiful as ever. Hilda Taylor was back and looked terrific too. Gosh, I guess a vacation is as good as a face lift.

The Sunday nite dance with Jerry, Dale, Dick Warbel (from Calif.) and Larry Cole (from Indiana) was a sell out. Wall to wall dancers! Everyone had a bang-up time. We are beginning to be the hub of the square dancing world here in Melbourne. There's another special dance coming July 5th. Be sure to check out THE BARN'S Saturday schedule.

Wayne Guice's round dance class covering Phase II at THE BARN from 3 - 5 PM is progressing well. More square dancers are trying round dancing and its popularity is spreading. We can appreciate having a location easy to get to and cost is reasonable for retired folks. Sure hope the rest of the round dances can resume dancing at THE BARN soon.

Jim and Mary Lou Carroll have been vacationing in Reno and New Orleans. Edie Klein had another scope for ulcers to check her progress. She's going to

NC for a family reunion. She will stay a couple of weeks. We miss you Edie and wish you a great time.

Bill and Pat Ludwick have had a busy schedule with visits. Son Russ and family were here for a week and then Bill's son John came for a week. Pat baby sat Russ's six month old which brought back many memories, with Pat on the business end. On top of all this, Bill and Pat have taken over the duties of Banner Raid Chairman while Bill and Arlene Darchuck are on vacation.

My number hasn't changed. It is still 984-9393. Why don't you call me up sometime? I could use the information. Here's my poem for the month. Sound familiar to anyone?

YOU KNOW YOU'RE GETTING OLD WHEN

The little old lady you help across the street is your wife.

Your children begin to look old.

You find a person attractive because they can get three cups of tea from the same bag.

You can feel your corns more than your oats.

Your actions creak louder than your words.

Your eyes are still perfect but your friends are getting blurry.

You remember when you needed help to carry home \$5 worth of groceries.

Your get up and go got up and went.

You bend down to tie your shoes and look around to see if there is anything else to do while you're down there.

Your kids and your clothes are the same age.

You have to take a nap before going to bed.

You sit in a rocking chair and can't get it started.

But you are never too old to get out and get new square dance members!

JULY 1997 NEWS FOR CANAVERAL SQUARES

ROCKLEDGE...Hello everyone! On May 23, Canaveral, Squares graduated its 1997 Mainstream class. We're all glad they made it and can now participate weekly in our club's regular dance. They still have their work cut out the rest of the summer to attain their plus level moves. On May 4th we had a club picnic for our new dancers at Rockledge Park which was a great success. Cecil. Faulk did a great job on the grill and Bruce Sawhill did a fabulous job with this years games.

On May 9, we celebrated Mother's Day. Everyone had a great time at the dance, especially Buckles and Bows who raided that night.

On May 2, Space Trackers invaded out club and retrieved their banner. And on the note of traveling, our Banner Bandits went to the Yellow Rockers on May 5 and retrieved our banner. For those looking to raid or retrieve, our points of contact this year are Dave and Lynn Litrell (407) 254-7121. If they are unavailable, please contact our club presidents Jean and Cecil Faulk (407) 635-8125

July 18 is Krazy Badge & Amateur Caller Night. Rick Yates will host this year's event. Krazy Badge night is a favorite of the caller, who tries, on purpose this time, to make dancing difficult for you. If you like a challenge, here is the opportunity to earn some new dangles. Of course, the tables can always be turned on the caller, stunts against the caller are always welcome and strongly encouraged this night. I'm partial to the 'mummy' dangle myself (toilet papering the caller). Also that night, some of our willing members and guests will have the opportunity to call a tip. If you would like to try, call Jean and Cecil Faulk and they can arrange with Skip or Rick to get you a tape to practice from. We had a lot of fun last year with this event.

ERNIE ROLLINS..... MARK. YOUR CALENDARS...On July 25, Canaveral Squares welcomes guest caller Ernie Rollins who always puts on a great performance. So don't miss him.

For those still unaware, Canaveral Squares now has **ROUND DANCING** every Friday night too. Our cuer is Mr. Vince Furtado. So if you enjoy Round and/or Square Dancing join us during our regular club dance hours. And please, tell a friend. Due to our Plus level workshop, we have no early rounds.

We will have no dancing on July 4. We hope everyone has a safe and enjoyable Independence Day. **NEW CLUB HOURS** for the Summer...Our club dances every Friday night at McLarty Park Recreation Center, 790

LINE DANCING AT THE BARN

BETTE WITYAK

Wonderful news Claudette shared with us at class on May 14th about Maggie! Yes, she is off dialysis! She says Joe is a strict caretaker and she looks like good old Maggie. Thank God! She will have had gall bladder the week of May 19th. Best wishes Maggie and Joe, for a happy and healthy summertime.

Glenda Ortiz reported to us on May 13th that she is 50% better than after her surgery on May 7th. They had to do more than originally planned. She has a lot of swelling in her legs and is taking steroids to reduce the swelling. Stitches were removed on May 20th. Glenda hopes to be back in two to three

months. Tell everyone she is healing and will be back to pester them before they know it. She thanks all for the wonderful card and generous contents, and she appreciates your prayers! Thanks Ed, for taking over during her recuperation period on Wednesday and Thursday mornings. We are grateful to you for keeping us on our dancing feet! Ed says he is having a good time, and learning to line dance all over again. Ed is trying to assure everyone of a good time! And we are!

Dancingly Yours

We have available at THE BARN booklets on the Christian Sharing Ministry. This program allows those who desire health insurance to get protection of \$1,000,000 for a very low monthly cost. Linda has signed onto the program and pays only \$69.00 per month for her coverage. Costs are kept low by strict screening. I can not get coverage as I had open heart surgery. Linda was paying over \$200.00 per month for her previous coverage. If you want more information check out their ad in THE BARN OWL or pick up a booklet at THE BARN.

Our caller, Colin Walton, and his Taw, Peggy, will be traveling to Ogden, Utah, the end of July to attend the annual Reunion of Overseas Dancers...we'll be eager to hear tales of their trip.

Thoughts of Independence Day

As we celebrate this 4TH OF JULY, holiday of Independence from the king, we need to reflect upon our Independence of today and the Independence we might lose. Too much action by our President in taking our lands and giving it away to the United Nations and China, without asking the people or even the state government's permission, as happened in Utah and Wyoming, are ominous signs of losing our Independence.

How does this happen? By allowing the growth, of government to become rampant and uncontrolled, thus, resulting in a reduction of the need for individual responsibility, and thereby, the gradual eroding away of our Independence.

As we celebrate this 4TH OF JULY, please remember the founding principles of the United States of America, a few of which are: the traditional family as the fundamental culture of the land, individual property rights; States rights; limited government in size and power; strong national defense; and a strong moral foundation in our leaders.

Barton Blvd., Rockledge. A Plus level workshop is scheduled from 7:30 to 8:00pm. Plus level square dancing and round dancing are from 8:00-10:00pm.

On a personal note, we have a half a square departing for new frontiers. Bruce and Deno Sawhill are heading to North Carolina to open a business and enjoy the change of seasons. Canaveral Squares will definitely miss Bruce and his top of the lungs NOW! during the singing calls. Good luck in your new venture. Also, this will be the last article written by my wife and I. We head to Connecticut this month as I take on a new employer. We have enjoyed being a part of the Canaveral Squares family for the past 3 years and have enjoyed dancing with everyone in the Central Florida area. On behalf of Bruce, Deno, Laurie and myself..., THANK YOU for allowing us to be part of your family.

Until we meet again.....
