In THE BIG TOP (BALLROOM C)

Rules & Process

Dance level will be Mainstream.
Any calls from the “Mainstream” list may
and will be called during the dance.

- a. Square dancing will be fifteen (15) minutes of Patter.
- b. Each square must be in constant movement during the dance.
- c. If any “Square’s Judge” finds the participants of their square have broken down, the Judge will then raise a yellow flag and give the square a count of ten (10), out loud, to the beat of the music to allow the participants the time to get back into place. If they can repair their square and resume dancing without forming lines, they can continue the dance. This will only be allowed to happen one (1) time for each square. If they cannot repair the square, the Judge will black flag the square letting them know they should leave the floor as their participation in the dance is finished.
- d. If after thirty (30) minutes, more than one square is remaining, the Fun Dance Callers will call for another fifteen (15) minutes, but will increase the difficulty level (Still at Mainstream).
- e. In the event of a tie after forty-five (45) minutes, the squares will continue for five (5) minutes with even more increased level of difficulty (Mainstream level). The first square to get a yellow flag will be 2nd place and the remaining square will be the Winner!
