

SUBMISSION FOR SEPTEMBER 2026

Ron & Georgine Woolcock recently choreographed a phase II + 1 Two Step. The title is It's Who You Love by artist Don Gibson. I love Don Gibson songs and this one was choreographed just to fit this song! It's easy enough to cue between tips at square dances.

I did a little research on Don Gibson and found a few interesting facts. He was born in 1928 in Shelby N.C. His father was a railroad worker who passed away when Don was around 2 years old. He stopped attending school after the 2nd grade as his family got by as sharecroppers. That was not something that Don enjoyed but at age 14 he bought a guitar, learned a few chords, the rest is history. Two of his biggest hits were I Can't Stop Loving You and Old Lonesome Me. Enjoy this Two Step, the long cue sheet is on Roundalab and I purchased the music from iTunes.
