

Cue Sheets by Judy Barnhill

Fall is a wonderful time in Tennessee. The leaves are changing and the temperature is cooling. As a family we've had one of those times when family has to pull together to get through it. The song "Good to Go" has special meaning as we all pitched in and helped one of our families get through a crisis. This song is a song of encouragement and empowerment. This may be just the dance someone needs to dance.

"Good to Go" is by a Japanese cuer, Yuka Hayami and is an easy Two Step to encourage others. The choreographer suggested slowing it down 90% which is 40.5 on Dancemaster. I purchased the music from iTunes. The full cue sheet is available on Roundalab. I hope all the dancers will appreciate the meaning behind the song.
