

SUBMISSION FOR DECEMBER 2025

We all love and remember the Beatles and the wonderful 60's when things were simpler. While reading the history of song "Love Me Do", I found there were 3 recorded versions of it and each had a different drummer. The first drummer was Pete Best, the second was Ringo Starr and the third was Andy White (while Starr played the tambourine). You never know what little piece of history you will find when you start investigating songs. The song was written by John Lennon and Paul McCartney with McCartney writing the verse and chorus and Lennon contributing the "bridge."

I think you will enjoy my choreography of "Love Me Do 2 STEP" which I choreographed so it could be cued at Square Dances without a previous teach. I purchased the music from iTunes and the Long Cue Sheet is available on Roundalab.
