## *From the Editor...*

A busy weekend this past weekend! Twelve West Coast Association dancers attended the final Shamrock Swing in Titusville Friday and Saturday night and two more went over for Saturday night. After 16 years of having the Shamrock Swing, the Central Association decided this would be the last one as no one wanted to chair the committee and the location they have been using is being put up for sale.

On Sunday three of us attended the Beginners Ball at Strawberry Square. We had nine squares dancing to Callers Marty Vanwart, Richard Spaulding, Bob Ormsbee, Doug Waldren, Keith Stevens, and Mike Gormley and Cuers Sandra Burke, Patty Wilkerson, and Jack Jenkins. Thank you to all the experienced dancers who attended to support the new dancers. We had dancers from as far away as Arcadia and Wauchula.

It's that time of the year when the seasonal clubs are starting to shut down for the season. That means that all of the clubs need to start sending me their schedules for the next season. Many of the seasonal dancers plan their return trip around the start date of their clubs.

The 62<sup>nd</sup> Florida State Square and Round Dance Convention is fast approaching! It'll be here before you know it. Save some money and purchase your ribbons in advance. Until May 24<sup>th</sup>, a ribbon for the entire weekend is \$27 per person; at the door they are \$30 per person. You not only save some money but you won't have to stand in the long lines at the Lakeland Center to purchase your ribbons! For the first time, this convention will only be for two days – Friday and Saturday. Please encourage your new dancers to attend this fun weekend.

## *SQUARE DANCE AND CLASS DO'S AND DON'TS*

Author Unknown

DO be aware at all times that square dancing is a “courtesy” recreation rather than one of competition.

DO keep smiling even if you are angry with yourself for “goofing”. The other seven people in the square might think that you are frowning at them.

DO recognize your corner and remember who he or she is. Next to your partner, this is the most important person in the square.

DO be quiet and attentive to the caller during instructions even though you know what he is explaining; perhaps someone else in your square needs to be briefed.

DO leave sharp jewelry at home. It can cut fingers or catch on clothes and inflict injury.

DO wear comfortable closed-toe and closed-heel shoes. Wearing slip-on shoes or open toed and/or open heeled shoes can result in serious injury to your feet.

DO remember to treat all dancers as you would like to be treated.

DO wear name badges at all times. It might surprise some of the oldsters to learn that they are not as well known as they thought. Many dancers are not aware of the origin of the name badge. When western style square dancing began to flourish, someone suggested that everyone should be identified by means of a name badge so that dancers would be on a first name basis to further friendly fellowship and recreation. Some clubs decided to add their club name and city or area where it was located. They also created original designs for their badges. THE RUDE SQUARE DANCER IS THE ONE WITHOUT A BADGE because this places other dancers in the embarrassing position of not being able to call a name. DON'T BE CAUGHT BEING RUDE.

DO admit it when you "goof". Next time it could be someone else's turn, so you needn't feel bad about it. When you "goof", do it gracefully and recover as best you can in order to keep your square from breaking down.

DO remember your position when you square up – heads, sides, what couple number, and in some instances whether you are in a boy or girl position.

DO end each dance with a flourish, applause, and sincere THANKS to all in your square.

DON'T be a "competitive" dancer. Instead cooperate with the other seven people in your set to make it a good square.

DON'T be over-exuberant. Your yell might drown out the next call for everyone around you. Learn to be "noisy", if you must, at the right time – during a right or left grand or allemande.

DON'T be a "know-it-all". Let the caller be the instructor unless someone asks you for help at the close of a tip.

DON'T cut in or out of a square unless you know how. And if you are cut out, leave gracefully.

DON'T be guilty of "horseplay" unless you are positive your square and the club will not be offended.

DON'T take that extra swing with your partner. It might make them late for the left allemande with the waiting corner.

DON'T forget. It is the "female" who determines whether or not they wish to twirl. If their hand is held high, they would like to twirl. If it is low, then they do not wish to twirl.

DON'T forget to trade a dance, especially with the guests and solos. And don't overlook the caller's spouse. He/she might like to dance. ASK THEM!

DON'T sit like a "bump on a log" when another couple is needed to complete a square. If you want to sit out a tip, leave the floor – go to the rest room or where you cannot be seen. This prevents embarrassment to you and to the three couples wishing to square up.

DON'T complain about the caller, the hall, the sound, the tacky floor. Seek to find the good things about the dance and express them. Your attitude will contribute to your enjoyment as well as to the enjoyment of others around you.

DON'T pre-arrange sets of four couples before squaring up. You insult the ability of other dancers and reflect a snobbish image contrary to the democratic ideals square dancers wish to exemplify. If you wish to dance with friends, you and another couple could stand in opposite positions in the set and allow two other couples to join you.

DON'T insist on dancing your way when visiting other areas. If these people dance palms up on the Alamo, go along with it. If they do or do not stir the bucket, DO AS THE ROMANS DO – EAT ROMAN CANDLES – but keep your opinions to yourself.

DON'T try to help the caller when filling in with a new class by explaining or pushing or pulling. Dance as though it is your first night too.

DON'T PARTAKE OF ALCOHOLIC BEVERAGES BEFORE OR DURING THE DANCE! Some people object; others may not wish to be close to one with alcohol on his breath. Children are often present, and many clubs dance in churches or schools. Drinking may even adversely affect your dancing ability. This is a cardinal rule of square dancing.

DON'T be "breath offensive"! Ask a friend for gum or mints if you forget yours.

DON'T forget to use a deodorant after your pre-dance bath or shower. You may become quite warm when you are dancing.

DON'T be a ROUGH HANDLER. Use light, easy handholds; that is, don't grab or squeeze tight on box-the-gnats, grand right and lefts, circling, etc.

## *Tips for Better Dancing*

By Ed Foote

The purpose of this article is to enhance your dancing pleasure. Dancers who follow these rules find they dance more, stand less, and in general have a more enjoyable dancing experience.

### 1. TAKE HANDS WITH THOSE STANDING BESIDE YOU

This should be done immediately after completing any figure, to enable you to see the formation you have (line, wave, etc.) when dancing the next call.

- A. **Hands should be joined within one-half second after the completion of any call.** Failure to join hands after a call will often result in sloppy lines or waves, which could cause the square to break down before or during the execution of the next call.
- B. **Elbows must be bent when hands are joined.** If arms are outstretched when hands are touching, the set is much too large to operate smoothly.

### 2. HOW TO AVOID BREAKING DOWN

- A. **Believe the caller.** Often dancers will stop cold if a caller tells them to do something and they do not understand why. Forget worrying about "why" and just do as the caller says. Refusing to execute a given command will cause the square to break down.
- B. **If the caller gives a call you have never heard, do not give up and quit.** In the vast majority of cases the caller will tell you how to do the call after he has said the name, especially if it is not one of the Mainstream or Plus Program calls. Even if you have never heard a call, if it is not complicated, there is no reason for inability to do the call if the caller talks you thru it.

- C. **If you want to help someone who is lost, use hand signals.** A very effective method is to point to the spot they should be occupying. If you talk, you could cause yourself and others in the square to miss hearing the caller give the next call.
- D. **If you are positive you have done a call correctly, do not let someone who is unsure of the call make you change your position.** This will keep the square going.
- E. **Experienced couples should be across from each other when squared up, never adjacent,** if a set consists of two experienced couples and two inexperienced couples. This will give each inexperienced dancer an experienced corner, and will provide each side of the square with experienced dancers when doing calls.
- F. **Keep your head raised.** This lets you see what is going on. Many people dance looking down at the floor, and thus are out of touch with the set as a whole.
- G. **Keep the set small.** Touching hands immediately after each call is one way to accomplish this. Large sets break down much more often than small ones.
- H. **Always have your set lined up with the walls.** Often a set will become slightly offset from being lined up with the walls; now a Cast Off or other turning motion may cause some people to become disoriented. If the caller has the set Promenade and has the heads or sides Wheel Around, it is quite likely the set will not be lined up with walls. **Solution:** Take it upon yourself to make slight adjustments on the next two or three calls to get the set aligned with the walls. One person can cause the whole set to adjust, so you be this person.

### 3. IF YOU BECOME COMPLETELY LOST

- A. **Do not turn around.** This will make it difficult for someone behind you to help you recover. It is much easier to guide someone into place by guiding them from the back.
- B. **Turn your head in all directions to see where you should go.** If someone says to turn around or you see that you should turn around, then do it. Otherwise, retain your facing direction and let someone guide you into place.
- C. **Do not wander around.** Stay put until someone either guides you into place or directs you to go to a certain position. Do not be surprised to get this help – expect that you will get it and be ready to respond to it quickly

### D. IF YOUR SQUARE BREAKS DOWN, GET TO FACING LINES

Do this by squaring your set and then have the head couples slide to the right to form normal facing lines of four (each boy with a girl on his right). Now watch the other squares. Often the caller will get the squares back to facing lines several times before finally getting to a Left Allemande; when he does get them to facing lines, your square

can now pick up the next call and you are dancing again. You may not wind up with your original partner or corner, but you are dancing and that is the name of the game.

This will not work every time, as sometimes the caller does not bring people back to facing lines before a Left Allemande; but it works often enough to be worth doing. In fact, many callers will intentionally bring people back to facing lines in order to pick up those who have broken down early. If you do not accept this opportunity to resume dancing, you may have a long stand until the next Left allemande.

#### **E. HOW TO PASS PROPER SHOULDERS**

**Whenever you Pass Thru with someone, always pass right shoulders, *never* pass left shoulders.**

#### **F. HOW TO LEARN PROPERLY**

- A. Try to understand the definition of the call rather than just memorizing a position.** If you understand the definition, you will be able to do the call from any position; but if you have only memorized one position, you will be lost if the call is used from any other position.

When a call is presented, it is often taught by telling the boys to do something and the girls to do something else. However, the definition of a call almost never involves a person's sex, but rather is written for the outsides to do something and the insides to do something else, or the left-hand person does one thing and the right-hand person does something else, etc. The *definition* is what you want to remember, not the particular teaching set up that was used.

If you are not sure of the correct definition after a call is taught, ask the caller to explain it without using the terms "boys" or "girls."

- B. Please be quiet while the caller is explaining something.** You may not need the help but others may.

If a caller is walking the floor thru a call, do not get ahead of the caller's prompting even if you know what comes next. This is inconsiderate of fellow dancers who need this help and could keep them from fully understanding the all, leading to a possible breakdown of the set later on.

#### **7. TWO PRIMARY REASONS FOR SQUARES BREAKING DOWN**

- A. Failure to take hands with adjacent dancers at the completion of every call to form lines or waves.**

B. Failure to listen to or believe the caller.

The target audience is the dancers in the West Coast area of the state of Florida and contains dance information for the upcoming week in this area as well as major dances around the state and nation, and any other information of interest to the dancers. It is published weekly with addendums as needed. New information each week is highlighted. Permission is given to forward this newsletter to your membership or others interested in receiving a copy or to provide printed copies to your members and visitors to your club. It is also available on the West Coast page of the Federation Website at [www.floridasquaredance.com](http://www.floridasquaredance.com). If you would like a copy emailed to you or would like your club information added, please contact the editor at [sgdncfan@gmail.com](mailto:sgdncfan@gmail.com).
