### **A note from Penny Green – President – West Coast Square & Round Dance Association:**

If you are on Facebook, you have probably seen the article from Washington State regarding square dancing and the coronavirus. Click on this link <https://www.heraldnet.com/news/a-wholesome-activity-leads-to-infection-square-dancing/> to read the article.

After reading this article and at the suggestion of one of our dancers, I would like to request everyone's assistance.

If any dancer (square, round, etc.) is tested positive for the coronavirus, please either notify your club president and have them contact me or you can contact me directly. Your name will be kept confidential.

I feel it is imperative we notify other dancers they may have been exposed to the virus, so they are tested. All I need to know is that a dancer has tested positive for the virus and what dance(s) they attend.

I will send out notices, like I have been doing for the cancellations, notifying everyone that a dancer has tested positive and what dances the person visits. If anyone has visited those dances, they should be tested for the virus.
